

LSAT Study Guide

By

*Taking My
Classes Online*

Congratulations! If you are looking over this study plan, you are at least a year out from taking the LSAT, and the more time you have to study, the greater your advantage. With that in mind, let's talk about studying for the LSAT and how this plan works.

How to Use This Study Plan

Each week's assignments are categorized into one of three types: Logical Reasoning, Reading Comprehension, and Practice Tests. This will give you a good sense of exactly what you need to cover during a particular week. Although we encourage you to complete the tasks in the order given, you may adjust the schedule and content to your own needs as you progress.

To help you prioritize your tasks based on your specific areas of weakness, we have labeled many of the assignments in this plan as "Optional."

- If you are already somewhat strong in one of the areas, say, Reading Comprehension, you can omit the Optional portions of the plan tailored to that section and devote that time to further study in another section.
- If you find that you have room for improvement in a given area, consider any "Optional" assignment tailored to that section to be mandatory.

A chart is provided for each week outlining the materials to be used and sections for your notes and progress reports. We strongly encourage you to keep detailed information in order to accurately measure your progress as well as track any uncompleted assignments. Keep notes about:

- exactly what you complete and when
- any elements you don't complete that should be a priority the following week
- your performance and general thoughts on each

General Thoughts

Successfully preparing for the LSAT is about consistency and diligence. Even though the test measures *how* you think and not *what* you know, training yourself to think like the test makers requires time.

Simply put: this isn't a test where cramming proves effective! Instead, your efforts need to be extensive, where you make the most of every study opportunity and spend a significant amount of dedicated time preparing each week.

Twelve months may seem like a long time for a single test, and it is, but the plan we have formulated for you judiciously mixes in study period with breaks, and thus you will not be studying constantly for the next year. Breaks are extremely important when preparing for this test, because you need time away from the rigors of studying and because your mind needs time to process the ideas and integrate them into your analytical structures. When used properly, breaks actually **contribute** to producing the highest score possible.

Once you get started, you'll find that time moves quickly and test day is here before you know it. So we expect that you're prepared to work hard and to be incredibly thorough as you follow the assignments provided. With this plan and some hard work, you have more than enough time to read all of your materials. If you find that you cannot complete all of the assignments in the time given, be sure to prioritize your tasks based on your specific areas of weakness and where you feel you have the greatest opportunity to gain points. We encourage you to attempt additional practice tests if time permits!

Month 1: Twelve Months to the LSAT

Your first month of study serves as a slow, relaxed introduction to the LSAT, and establishes a performance baseline since you take a timed practice test.

This test will establish a baseline score, and give you an initial sense of both the test and your natural strengths and weaknesses. Do NOT let the results discourage you! They are in no way indicative of your potential or what your final score will be. It’s merely a chance for you to familiarize yourself with the experience of taking a real LSAT under timed (test-day) conditions.

Upon completion of the exam, you’ll receive a comprehensive analysis of your performance via our *Testing and Analytics Package Platform*. If you accessed the practice test on LSAC’s website, simply transfer your answers into the test scoring tool on our Self Study site to take advantage of its free test analytics. Be sure to save these results and use them to help guide the early stages of your prep.

■ Logical Reasoning

- Begin by reading Chapters One, Two, and Three of the *Logical Reasoning Bible*. This reading selection takes you from an introduction and Overview of the LSAT in Chapter One, through discussions of the Logical Reasoning section in general in Chapters Two and Three.

■ Reading Comprehension

- Begin by reading Chapters Two and Three of the *Reading Comprehension Bible*. Skip the section in Chapter Three that covers argumentation as you have already covered this content elsewhere. Note that you can also skip Chapter One, as that is an overview of the test that you have already encountered.

Month 2: Eleven Months to the LSAT

In your second month of preparation, you will implement skills you’re learning in Reading Comprehension, and continue your introduction to Logical Reasoning, including the consideration of the Question Stem and Answer Choices, Must Be True and Most Strongly Supported questions, and Conditional Reasoning. Each of these elements is absolutely critical to a strong Logical Reasoning performance.

- Begin by reading Chapter Four of the *Logical Reasoning Bible*, which covers Must Be True questions.
- Once you feel comfortable with the first four chapters (review each thoroughly if needed), read Chapter Six on Conditional Reasoning. Conditional Reasoning is a particularly challenging concept for many students, so it is imperative that you spend sufficient time with it, as it will figure heavily in both the Logical Reasoning and Logic Games sections of the LSAT.
- After you finish Chapter Six in the *Logical Reasoning Bible*, complete the LR *Question Type Training* drills **Must Be True Questions: Volume 1**. from your Analytics Course subscription. Together, Chapter Six and the drills discuss and test Must Be True/Most Strongly Supported questions, the most common LR question type and a prominent feature in Reading Comprehension as well.

Note: as you work through the Must Be True questions in the Type Training drills, you will encounter a number or stimuli featuring Conditional Reasoning.

■ Reading Comprehension

- Next, go back to *Analytics* to practice some *Passage Type Training* by completing the first eight drill sets in Reading Comprehension **Humanities: Volume 1**, beginning with PT1, June 1991, Passage #4: Medical Profession and ending with PT 10, February 1994, Passage #4: Social Movement Theory, Questions 2227.
- We encourage our students to become active readers of publications and journals the tone and style of which closely aligns with passages on the LSAT. This will help you more quickly acclimate to the nature of passages created by the test makers. Some examples of worthwhile sources of additional reading include: The Economist, Scientific American, The Wall Street Journal or New York Times, and other economically-, legally-, or scientifically-oriented texts.

■ Breaks

- Take *at least* one full week off during this month, and if you want to take a longer break, do so!

Month 3: Ten Months to the LSAT

This month you will continue your Logical Reasoning studies with Main Point questions, and in Reading

Comprehension you learn about common passage elements and formations. In Logic Games you cover Advanced Linear games, which appear frequently on the LSAT.

■ Logical Reasoning

- Read Chapter Five in the *Logical Reasoning Bible*. This chapter covers Main Point questions, a common question type in both the Logical Reasoning and Reading Comprehension sections.
- After reading Chapter Five in the *Logical Reasoning Bible*, return to the *Analytics* Drill Sets and take **Main Point Questions, V1**. These drills will help you develop your skills at recognizing and understanding argumentation.

■ Reading Comprehension

- Read Chapter Four of the *Reading Comprehension Bible* on Passage Elements and Formations.
- In *Analytics*, complete the next 4 passages of the Reading Comprehension *Passage Type* drill sets **Humanities: V1**: PT12, October 1994, Passage #1: Modern Architecture through PT14, February 1995, Passage #2: Language of Deconstruction.

■ Practice Tests

- Near the beginning of the month, take a Practice Test you have yet to complete, under normal testing conditions. Make sure to include breaks and thoroughly review your performance in detail, examining every single question (including both correct and incorrect questions).
- Near the end of the month, take another Practice Test you have yet to complete, under normal testing conditions. Make sure to include breaks and thoroughly review your performance in detail.

■ Breaks

- Take at least two breaks of four days each this month.

Month 4: Nine Months to the LSAT

This month you will continue your Logical Reasoning studies with Weaken questions, and a comprehensive look at Causality.

■ Logical Reasoning

- First, read Chapter Seven the *Logical Reasoning Bible*. This chapter examines Weaken questions, which constitute the only question type in the Family #3: Hurt category (as discussed in Chapter Three).
- Next, work through Chapter Eight of the *Logical Reasoning Bible*. This chapter covers both basic and advanced Causal Reasoning, a very common type of reasoning on the test (and particularly prevalent in Weaken questions).
- Complete the *Question Type Training* drills in **Weaken Questions: V1** in *Analytics*, which feature a significant amount of Cause and Effect Reasoning as well.

■ Reading Comprehension

- Continue your Reading Comprehension studies by working through Chapter Five of the *Reading Comprehension Bible*. Here you will encounter suggestions on how to best diagram the passages.
- In *Analytics*, complete the last 7 passages of the Reading Comprehension *Passage Type* drill sets **Humanities: V1**: (PT14, February 1995, Passage #4: U.S. Slavery/Russian Serfdom through PT19, June 1996, Passage #4: British Abolitionism) and the first passage of **Humanities: V2**: PT21, December 1996, Passage #1: London School.

■ Practice Tests

- Near the beginning of this month, take a Practice Text under normal testing conditions. Make sure to include breaks and thoroughly review your performance in detail.
- Near the end of this month, take a Practice Text under normal testing conditions. Make sure to include breaks and thoroughly review your performance in detail.

■ Breaks

Month 5: Eight Months to the LSAT

This month contains important sections on Logical Reasoning, and you continue your analysis of Logic Games and Reading Comprehension.

■ Logical Reasoning

- Read Chapter Nine of the *Logical Reasoning Bible*. This chapter addresses Strengthen questions, and you will encounter Causality frequently as well (causal reasoning appears in the majority of Strengthen questions).
- Next work through the *Analytics* drills in **Strengthen Questions: V1**, to reinforce your abilities as outlined in the *Logical Reasoning Bible* for this question type.
- Read Chapter Ten of the *Logical Reasoning Bible*. Here you will examine Justify the Conclusion questions.
- Next, practice the *Analytics* drills in **Justify Questions: V1**
- Read Chapter Eleven of the *Logical Reasoning Bible*. This chapter introduces Assumption questions, one of the most challenging question types for many test takers. So take your time as you work through the ideas presented to ensure a complete understanding of them.
- Next, to hone your question type skills for Assumption questions, return to *Analytics* and complete the drill set **Assumption Questions: V1**.

■ Reading Comprehension

- Continue your Reading Comprehension studies by working through Chapter Six of the *Reading Comprehension Bible*. Here you will encounter many key concepts including how to best attack the various question types and answer choices.
- In *Analytics*, complete four more drill sets in the Reading Comprehension *Passage Type* drill sets **Humanities: V2** (PT22, June 1997, Passage #3: CEO Obligations through PT24, December 1997, Passage #4: Art Fakes).

■ Practice Tests

- Near the middle of the month, take a Practice Test under normal testing conditions. Make sure to include breaks and thoroughly review your performance in detail.

Month 6: Seven Months to the LSAT

In order to let some of the ideas settle in and also to prepare for the six-month run-up to the LSAT, this is a lighter month. This is also an opportunity for you to get back on schedule if you have fallen behind in previous months, so use your time effectively!

■ Logical Reasoning

- Review Chapters One through Eleven of the *Logical Reasoning Bible*. Pay special attention to the argumentation chapter, as well as any topics that gave you difficulty the first time around.

■ Reading Comprehension

- Review Chapters One through Six of the *Reading Comprehension Bible*. Pay special attention to any topics that you found difficult the first time around.

■ Practice Tests

- Near the end of the month, take a Practice Test under normal testing conditions. Make sure to include breaks and thoroughly review your performance in detail.

Breaks

- Take at least two full weeks off during this month, including the last week of the month.

Month 7, Week 1: Twenty-Four Weeks to the LSAT

Month 7, Week 2: Twenty-Three Weeks to the LSAT

In this week of preparation, you will focus on Resolve the Paradox questions in Logical Reasoning, and in Reading Comprehension you look to combine all of the elements you previously learned. This week will also require you to take a practice test with relaxed time. Doing this can provide unique insight into the areas you still need to improve on.

■ Logical Reasoning

- Read Chapter Twelve of the *Logical Reasoning Bible*. Here you will see Resolve the Paradox questions, the final question type in the Family #2: Help category.
- After you work through Chapter Twelve of the LRB, return to *Analytics* and complete the **Resolve the Paradox: V1 LR Question Type** drill set.

■ Reading Comprehension

- Work through Chapter Seven of the *Reading Comprehension Bible*. This is a summary chapter where all of the ideas you have seen so far get incorporated into a single, overarching approach.

■ Practice Tests

- Take another recent Practice Test you have yet to complete. Give yourself extra time within each section. Doing this can help isolate specific concepts and paradigms you may be struggling with. When speed is not the focus of your practice test, rushing or guessing should play no role in determining your score. Any mistakes you make will likely result from a conceptual misunderstanding of the material being tested. Use them to your advantage!

Month 7, Week 4: Twenty-One Weeks to the LSAT

This week involves Formal Logic, which is one of the most difficult topics to appear on the LSAT. Formal Logic is an advanced form of conditional reasoning, and so can help both your Logical Reasoning and Logic Games abilities.

Logical Reasoning

- Read Chapter Thirteen of the *Logical Reasoning Bible*. Here you will see Formal Logic, a rare, but challenging, concept with which many test takers struggle. However, if you are falling behind in your studies, you can save this assignment for later, as Formal Logic is quite uncommon (1-2 questions per LSAT, typically) and your time may be better spent elsewhere.
- Once you have completed the chapter on Formal Logic in the Reasoning Bible, work through **Formal Logic: V1** in *Analytics* to reinforce your skills.

Practice Tests

- Take a PrepTest using relaxed timing. Make sure to thoroughly review your performance in detail.

Month 8, Week 1: Twenty Weeks to the LSAT

This week will continue your analysis of Reading Comprehension by focusing on Comparative Reading passages.

Reading Comprehension

- Read Chapter Eight of the *Reading Comprehension Bible*. This chapter addresses Comparative Reading Passages and thus is vitally important to fully understand, as approximately one-fourth of your Reading Comprehension score is based on the Comparative Reading passage set.

Practice Tests

- Take a PrepTest using relaxed timing. Make sure to thoroughly review your performance in detail.

Month 8, Week 4: Seventeen Weeks to the LSAT

This is an important week in your Logical Reasoning studies as you examine two very challenging question types: Method and Flaw. This week also starts an intentional break from Logic Games. As mentioned in the Introduction, breaks from the LSAT or certain concepts can help you improve, and after a lot of hard work on LG, it's time to give your brain a respite.

■ Logical Reasoning

- Read Chapter Fourteen and Fifteen of the *Logical Reasoning Bible*. The question types discussed—Method of Reasoning and Flaw in the Reasoning—are very closely related, so it is useful to pair these two chapters with one another.
- Complete the Logical Reasoning *Question Type* drill sets **Method of Reasoning** and **Method-AP Questions: V1** and **Flaw in the Reasoning Questions: V1** in *Analytics* to reinforce those question types. Together they will make up a significant portion of your LR score, so it is imperative that you are comfortable with them prior to test day.

Month 9, Week 1: Sixteen Weeks to the LSAT

At this point you should have completed all of the assigned tasks for the previous eight weeks (and certainly the months prior). If you are still behind, prioritize any missed work and attempt to get caught up. This slightly reduced workload is done to allow you to complete any missed assignments and review and specific areas of difficulty. This week will also require you to take a practice test with relaxed timing, which can provide unique insight into the areas you still need to improve on. The coming weeks will be more intensive, however, so prepare yourself to devote a sufficient amount of time to your studies moving forward.

■ Reading Comprehension

- Read Chapter Nine of the *Reading Comprehension Bible* on Common Passage Themes.
- Complete the first half of Chapter One: Practice Drills in the *Reading Comprehension Bible Workbook*, beginning with the Active Reading Drill and stopping after the VIEWSTAMP Analysis: Main Point Identification Drill. Note that this can be skipped if you are feeling comfortable with your Reading Comprehension performance at this point, or at least prioritized lower if you find other areas of the test still require significant attention.

■ Practice Tests

- Near the end of the week, take a PrepTest. Give yourself extra time within each section. Make sure to thoroughly review your performance in detail.

■ Logical Reasoning

- Read Chapter Sixteen of the *Logical Reasoning Bible*. This chapter covers Parallel Reasoning questions, which can be extremely time-consuming without the proper approach. These questions also pair nicely with the other two types discussed two weeks ago, Method and Flaw.
- Return to *Analytics* and complete the drill sets **Parallel Reasoning and Parallel Flaw: V1**

This week involves both Logical Reasoning and Reading Comprehension, and a small Logic Games assignment.

■ Logical Reasoning

- Read Chapter Seventeen of the *Logical Reasoning Bible*. This chapter covers Numbers and Percentages, an idea that appears in a number of LSAT questions.
- Return to *Analytics* and complete the drill sets **Numbers and Percentages: V1**.

■ Reading Comprehension

- Read Chapter Ten of the *Reading Comprehension Bible*. This discussion of Section Strategy and Time Management will take you to the end of the Reading Bible’s conceptual analyses.
- Complete the rest of Chapter One: Practice Drills in the *Reading Comprehension Bible Workbook* (if you used this resource as suggested last week, this means beginning with the Passage Elements and Formations Recognition Drill). Note, again, that this may not be necessary if you are feeling comfortable with your Reading Comprehension performance at this point.

■ Logical Reasoning

- Read Chapter Eighteen through Twenty Two of the *Logical Reasoning Bible*. These five chapters cover the remaining LR question types, each of which appears infrequently.

Chapter Twenty Two is an important discussion of Section Strategy and Time Management—do not skip it!

- Work through the following drill sets in *Analytics*: **Evaluate the Argument: V1, Cannot Be True: V1, Point at Issue/Point of Agreement Questions: V1**, and **Principle Questions: V1**. If you are short on time, focus mainly on the Point at Issue and Principle drills.

Month 10, Week 1: Twelve Weeks to the LSAT

You are now about three months from the LSAT. So, this week requires you to take multiple practice tests. Plan accordingly! You need several hours of uninterrupted time to complete each test, followed by several hours of time for a thorough test analysis. Add concept-specific reviews as needed based on your test performance.

One key as you make this adjustment is to allow for plenty of time for thorough test analysis, and then do concept-specific reviews as needed based on your test performance.

During the final stretch to your test, you should make sure that you are as mentally prepared as possible for the pressures of test day. To help you reach a state of pure mental confidence and balance, we've compiled a list of some of our favorite LSAT mentality resources. Set aside some time before the test to think about how you will approach the LSAT when it begins and especially how you will react if you encounter any difficulties. It's an essential step, and one that can dramatically impact your score. Although all of these articles are important, we strongly recommend you watch the Test Mentality webinar and follow the specific recommendations in that discussion.

Focus in particular on building your confidence and visualizing a strong performance on test day—how you expect to perform will likely become reality.
